FOREWORD

In the summer of 1935 copying of these tombstone inscriptions was begun, those in Martin Township being the first taken. Other cemeteries were visited at various times until 1942 gas rationing.

Whenever a name or date was lacking or was not clear, the Death Records, in the office of the County Clerk in Allegan, were examined, and if on record the additional data was given with the notation dr(death record).

Abbreviations used are:

- dau - daughter
- wf - wife
- y - years
- m - months
- d - died or days
- b. - born
- cr - cemetery record
- dr - death record

The data added to MONTEITH names is from family records which I have,

Kurt Robbins Monteith

Martin, Michigan
Feb. 26, 1952

Hillside Cemetery is one mile east of the village of Plainwell. It was opened in 1867. The following inscriptions were for the most part copied from graves in the old section, and do not include any later than 1910 unless they seemed to be related to others of earlier date on the same plot. The sub-divisions are lettered from 'A' to 'Z' each made up of 27 plots of 8 lots or graves. The records which the Town Clerk has were consulted and burials noted therein but unmarked in the Cemetery are given as: Abbott, (cr. Harriett B. d. Aug. 20, 1904). Where the Cemetery record differs from or has data additional to the inscription this is also given. Sub-division and plot number are indicated as: G11. New Sec. are B & C etc. and were not copied as opened about 1900

WOODSIDE CEMETERY, GUN PLAINS TOWNSHIP, ALLEGAN CO., MICHIGAN

Woodside Cemetery is one mile north and two tenths of a mile east of the city of Plainwell on the south side of the old Territorial road. It was originally the burying ground of the Plainfield Presbyterian Church (now the First Presbyterian Church of Plainwell, Mich.). The town clerk has no plat of this cemetery.

SOUTH MARTIN CEMETERY - ALLEGAN COUNTY, MICHIGAN.

The South Martin Cemetery was originally the burying ground of the First Associate Reformed Presbyterian Church of Martin (later the United Presbyterian Church). The land was donated for that purpose by Thomas Monteith, Sr. Upon organization of the church, Feb. 5, 1842, he was elected elder and the first meetings were held in his house and barn. (Hist. of Allegan and Barry Cos., Mich. pp 276-7) Since the church records were destroyed some years ago when the house in which they were stored was burned, the exact date of the gift is not known. The deed is recorded in Liber 10, p583 Deeds of Allegan County, Michigan, Thomas Monteith to Trustees of First Reformed Church of Martin.

'April 12, 1853. Thomas Monteith and Jane his wife of the Township of Martin, Allegan Co., Mich. deed to the Trustees of the First Associate Reformed Church of Martin 1 acre and 9 rods "commencing 80 rods S of the N.E. section corner of 31 town 2 north of Range 11 west and running west thence 13 rods thence north 13 rods thence east 13 rods thence south 13 rods and parallel with the section line, containing 1 acre and 9 rods with the understanding the Trustees build fences and keep in repair the above conveyed premises is conveyed with the understanding that the above described land is conveyed for a burying ground in and for the First Associate Reformed Church of Martin." Signed Thomas Monteith. Jane Monteith. Signed, sealed and delivered in the presence of Jason Gillespie, Allen Haggart.'

Many years later the Martin Township Board took over the cemetery but most of those buried there, except quite recent burials were members or adherents of the United Presbyterian Church.

The first burial recorded in the Cemetery Record is that of Walter Monteith d. Sept. 12, 1897.

In cases where the Death or Cemetery Records give data additional to that on the tombstones that has been included. With the Monteith family the added data has come from family records which I have.

Ruth M. Monteith

Mill Cemetery, Gayland Twp., Adams Co., Michigan

Co. 623

Mill Cemetery, originally a part of the Mill farm, is located on the s.w. part of Section 2, Gayland Twp. It is in two parts, the older separated from the newer by a sheep pasture. The town clerk has no records nor plat but has the names of some lot owners. The earliest stone is that of Sarah Foster d. Aug. 10, 1847.

Inscriptions copied August 1938

The Hooker Cemetery is about $3\frac{1}{2}$ mi. E and 2.3 mi. N of Wayland village in Section 27. In Jan. 1840 the brothers William S. & Samuel B. Hooker bought the N.E. $\frac{1}{4}$ of Section 34 and settled thereon. The cemetery adjoins their farm. It is an attractive well kept burying ground. Inscriptions grouped together are from graves on the same plot.

These inscriptions were copied by me during August 1940
 and are correct in so far as they were decipherable.

The first cemetery in Otsego Twp. was Pine Creek. Later when Otsego became a village a burying ground was opened back of the Congregational Church. This was used for some years but in 1849 a group of citizens were appointed to select a ground outside of the city. They chose the site on a hill across the river from and north of the city. Those buried in the Congregational Cem. were removed to Mt. Home. The first to be buried here after the opening was Joseph Cole, Jr. d. Mar. 6, 1849 ae 37y 4m. He was one of the committee who had selected this ground. These facts were told to the sexton by a Mr. Drake who was a nephew of Joseph Cole. The sexton has no records prior to 1917. Those grouped together are on the same lot.

MINER CEMETERY. ALLEGAN CO. WATSON TWP. MICHIGAN

The Miner Cemetery is in the N.E. corner of Section 20 in Watson township. It is 5 mi.E. and .9 mi.N. of Allegan, being .9 N. of M118. The town clerk has no early records of this cemetery. The "History of Allegan & Barry Counties, Michigan (D.W. Insign 1880) p.347, states "In 1843 an acre of ground was purchased of Eli Watson, on section 20, neatly fenced, and planted with attractive shade-trees, which has since that date been used by the towns-people as a cemetery." The stone of earliest date is that of Alfred, son of Wm.S. & E.S. Miner d. July 15, 1840 ae 5y.

HICKS CEMETERY, WATSON TWP., ALLEGAN CO., MICHIGAN

1

Hicks Cemetery is a small but old burying ground on Section 24 and was originally a part of the Hicks farm. The oldest stone is that of Delilah Hicks d.Mar.28,1839. One acre was purchased by the township some time after 1843. Neither township clerk nor sexton has a plat or early records. There are many graves that have no markers.

Andrews, Frances dau of H.& G. b.Oct.17,1887 d.Oct.2,1893

Atkins. These members of the Atkins family were originally buried in the orchard of the Atkins farm just west of Witheral Lake but were moved to Hicks when the farm was sold to Pat.McLaughlin.

CONGDON or
FOUND & ANNEXED CEMETERY, HOPKINS TWP., ALLEGAN CO., MICH.

This family cemetery is near Hopkinsburg on Sec. 26 of Hopkins Township. In 1838 Jonathan Olin Found purchased the south west quarter of Section 26 in Hopkins Twp. His son Oziel Hopkins Found was the first to die in Hopkins Twp. There are quite a few graves with no stones. Inscriptions were copied Aug. 3, 1949 by Ruth Robbins Monteith

- STEVENS - son of E.W. & M I d. May 11, 1883 age 3y 1m 1d stone off foundation

My dear Mr. [Name],

I have just received your letter of the 10th inst. and am glad to hear from you. I am well and hope this finds you the same.

I have been thinking much of late about the future of our country and the state of our Union. It seems to me that we are passing through a critical period in our history and that the result will determine whether we are to remain a united people or become a collection of warring states.

I believe that the only way to preserve our Union is by maintaining the principles of liberty and justice for all. We must not allow ourselves to be divided by sectional interests or by the passions of the moment. We must stand firm by the principles of the Declaration of Independence and the Constitution of the United States.

I am, Sir, very respectfully,
Your obedient servant,
[Signature]

HULSON CORNERS CEMETERY, ALLIANCE TWP., ALLIANCE CO., ILL.

Hudson Corners Cemetery is in Section 22 on the north side of the north-west quarter on the south side of the H. Watson road a short distance east of the Grand River road. One-half acre of ground was purchased Aug. 30, 1847 for use as a cemetery, the land being deeded by Gerry Purdee to the trustees, who were B. L. Griswold, R. Cobb and J. Hudson.

Inscriptions copied and corrected July 1939

On Jan. 1, 1866 the Fairfield Cemetery Association purchased from Allen Wood and wife 3/8 acre of land described as the S.W. corner of the L. 1/4 of the S.W. 1/4 of Section 5. It is now neglected. It has several depressions where the earth has settled or the body has been removed, probably to Oakwood Cemetery in Allegan City.

THE HISTORY OF THE
CITY OF BOSTON

From the first settlement of the
English in 1630 to the present time
the city of Boston has been the seat of
the most important and interesting
events in the history of the
American people. It has been the
center of the struggle for
independence, the seat of the
Revolution, and the birthplace of
the Republic. It has been the
home of the great men of
the country, and the scene of
the most important events in
the history of the world.

Yard, N.L., 1841---1920

MANLIUS & NEW RICHMOND CEMETERY, MANLIUS TWP., ALLEGAN CO., MICH. 1

This cemetery is used commonly by the people of New Richmond and Manlius. The stone of earliest date is that of "Elizabeth Lamoreux died April 6, 1838 ae 28y 3m 3d". "Susan L. daughter of Ralph R. Mann was the first person to die in the township, the date of her death being Jan. 1, 1837. She was buried in the woods on the hill back of the then village of Richmond but was subsequently removed to the cemetery near Manlius.

Near where she was first buried was also interred the body of a German killed by the fall of a tree, and there his bones still rest." (Allegan & Barry Counties. page 266)
Inscriptions grouped together are from stones on the same plot.

Charlie d. Jan. 17, 1895 ae 9m 7d) J.E. & V.A.

The purpose of this paper is to present a new method for testing the hypothesis of no association between two categorical variables. The method is based on the use of a new test statistic which is a function of the observed and expected frequencies of the cells in the contingency table. The test statistic is shown to be asymptotically equivalent to the Pearson chi-square statistic, but it has the advantage of being more powerful in small samples. The method is illustrated by an example involving the relationship between smoking and lung cancer.

1. Introduction. The purpose of this paper is to present a new method for testing the hypothesis of no association between two categorical variables. The method is based on the use of a new test statistic which is a function of the observed and expected frequencies of the cells in the contingency table.

2. The Test Statistic. Let X and Y be two categorical variables with r and s categories, respectively. Let n_{ij} be the observed frequency of the pair (X_i, Y_j) and let e_{ij} be the expected frequency of the pair (X_i, Y_j) under the hypothesis of no association.

The test statistic is defined as follows:
$$T = \sum_{i=1}^r \sum_{j=1}^s \frac{(n_{ij} - e_{ij})^2}{e_{ij}}$$

where n_{ij} is the observed frequency of the pair (X_i, Y_j) and e_{ij} is the expected frequency of the pair (X_i, Y_j) under the hypothesis of no association. The test statistic is shown to be asymptotically equivalent to the Pearson chi-square statistic.

3. Properties of the Test Statistic. The test statistic is shown to be asymptotically equivalent to the Pearson chi-square statistic. The test statistic is also shown to be more powerful than the Pearson chi-square statistic in small samples.

4. Example. The method is illustrated by an example involving the relationship between smoking and lung cancer. The data are as follows:

Smoking Status	Lung Cancer	Frequency
Smoker	Yes	15
Smoker	No	85
Non-smoker	Yes	5
Non-smoker	No	95

5. Conclusion. The method is a new and powerful method for testing the hypothesis of no association between two categorical variables. The method is based on the use of a new test statistic which is a function of the observed and expected frequencies of the cells in the contingency table.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1801. The letter is addressed to the Senate and House of Representatives, and is signed by Thomas Jefferson. The letter discusses the state of the Union and the progress of the government since the inauguration of the President.

2. The second part of the document is a report from the Secretary of the Treasury, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by Alexander Hamilton. The report discusses the state of the Treasury and the progress of the government since the inauguration of the President.

3. The third part of the document is a report from the Secretary of the Navy, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by John Adams. The report discusses the state of the Navy and the progress of the government since the inauguration of the President.

4. The fourth part of the document is a report from the Secretary of the War, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by Henry Knox. The report discusses the state of the War and the progress of the government since the inauguration of the President.

5. The fifth part of the document is a report from the Secretary of the Interior, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by Thomas Mifflin. The report discusses the state of the Interior and the progress of the government since the inauguration of the President.

6. The sixth part of the document is a report from the Secretary of the Agriculture, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by Robert Morris. The report discusses the state of the Agriculture and the progress of the government since the inauguration of the President.

7. The seventh part of the document is a report from the Secretary of the Commerce, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by John Jay. The report discusses the state of the Commerce and the progress of the government since the inauguration of the President.

8. The eighth part of the document is a report from the Secretary of the Education, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by John Jay. The report discusses the state of the Education and the progress of the government since the inauguration of the President.

9. The ninth part of the document is a report from the Secretary of the Religion, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by John Jay. The report discusses the state of the Religion and the progress of the government since the inauguration of the President.

10. The tenth part of the document is a report from the Secretary of the Arts, dated January 3, 1801. The report is addressed to the Senate and House of Representatives, and is signed by John Jay. The report discusses the state of the Arts and the progress of the government since the inauguration of the President.

The Hutchins Cemetery was for some years the only burying ground in Ganges Twp. It is in Section 1 on the old Harrison Hutchins farm. The first burial was that of Russell Hall, a brother-in-law of Harrison Hutchins, who died in 1840 at Mr. Hutchins home and was buried in this plot. It is still used by families nearby. It is a short distance west of Fennville. Inscriptions grouped together are from graves on the same plot.

1. The first part of the paper is devoted to a general discussion of the problem.

2. In the second part we consider the case of a single particle.

3. The third part is devoted to the case of a system of particles.

4. In the fourth part we consider the case of a system of particles.

5. The fifth part is devoted to the case of a system of particles.

6. In the sixth part we consider the case of a system of particles.

7. The seventh part is devoted to the case of a system of particles.

8. In the eighth part we consider the case of a system of particles.

9. The ninth part is devoted to the case of a system of particles.

10. In the tenth part we consider the case of a system of particles.

know, Dad 14.

1. The first of these is the fact that the number of people who are employed in the service industry has increased steadily over the past few decades.

2. This is due to a number of factors, including the fact that the service industry is becoming increasingly important in the economy, and the fact that people are becoming more mobile and are therefore more likely to be employed in the service industry.

3. Another factor is the fact that the service industry is becoming more competitive, and this is leading to a decrease in the number of people who are employed in the service industry.

4. Finally, the fact that the service industry is becoming more competitive is also leading to a decrease in the number of people who are employed in the service industry.

1. The first part of the document is a letter from the President of the United States to the Congress, dated September 17, 1787. It is a very important document, as it is the first official communication of the new government. The President, George Washington, writes to the Congress, which is then in session in Philadelphia. He informs them of the signing of the Constitution and expresses his confidence in the new government. He also mentions the need for the ratification of the Constitution by the states.

2. The second part of the document is a report from the Committee on the Judiciary, dated September 24, 1787. The committee is responsible for reviewing the Constitution and reporting to the Congress. In their report, they state that they have carefully examined the Constitution and find it to be a good and necessary one. They recommend that the Constitution be ratified by the states.

3. The third part of the document is a letter from the President to the Congress, dated September 28, 1787. In this letter, the President expresses his satisfaction with the work of the committee and his confidence in the new government. He also mentions the need for the ratification of the Constitution by the states.
